Meet our new staff!

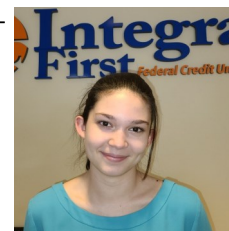

Meet Terri: Hi Me-nominee/Marinette residents My name is Terri, and I am honored to be serving you as a Teller at Integra First FCU. A little bit about me is

I am from Virginia born and raised, and if you ask no I do not like the weather here! Lol! But I am glad to be here amongst so many generous and kind people. I am a friendly people person and I love pets. I have your best interest and I am here to help with any of your financial needs so do not be afraid to come on down and see me.

Meet Pam: I am a dedicated mother of 3 wild boys who just recently moved back to the Hermansville area to be closer to family. I enjoy sharing my love for the outdoors with my kids and dog Diesel as

much as possible. I stopped to cash a check and decided to ask these wonderful ladies at the powers branch if they were hiring. Here we are, months later and I question myself every day why it took me so long to apply at such a great place to work. Being a funny, loud, outgoing person helps me fit in here just fine but busting out in song also does the trick when all else fails!

Meet Faith: I started working at the Stephenson branch in December of 2020. I plan on going to college for engineering

and hope to study abroad in Ireland or Scotland. I am currently a junior at Stephenson high school and am actively participating on their robotics team. My favorite food is a good burger with lots of pickles and a side of fries. A fun fact about me is that I have already been to Germany and have caught the travel bug badly.
